Dear parent/carers

As the weather becomes less favourable we are going to trial some changes to PE lessons for pupils, while maintaining strict contact groups, cleaning regimes and hand sanitising.

From Monday 28 September all pupils in **Years 10 and 11** should wear full school uniform every day. On days when they have PE, they should bring their Heolddu PE kit in their bags and we are going to trial access to the leisure centre changing rooms. These year groups are smaller and have fewer PE lessons, so we have planned an increased cleaning regime for their sessions in the leisure centre.

All pupils in **Years 7, 8 and 9** should continue to attend school in their PE kit on days when they have PE lessons. This kit is strictly the Heolddu PE white polo shirt, PLAIN BLACK joggers or leggings and boys' kit can now be adapted slightly to include PLAIN BLACK JOGGERS or LEGGINGS. There is an optional Heolddu hoodie available for purchase; this can now be worn on PE days only on top of the Heolddu PE polo shirt and can be worn in class as the temperatures drop. This is optional, children can wear the Heolddu polo shirt only if they prefer. On non-PE days pupils will need to wear their full school uniform.

We will evaluate the change in provision and keep you informed of any changes. Thank you all sincerely for your support of the school in these extremely challenging times. Rest assured we are working incredibly hard to keep everyone as safe as possible while also providing maximum opportunities for our learners to engage and thrive in school.

Please do not hesitate to contact should you have any queries or concerns.

Yours sincerely

Mrs. Nerys Davies
Headteacher
